

Wire Frames

Home

A wireframe for a home page. It features a light gray rectangular area with a black border. In the center, the text "Website Name" is displayed in a large, black, sans-serif font. Below this text, there are two rounded rectangular buttons. The left button is labeled "Submit" and the right button is labeled "Login". Both buttons have a light gray fill and a thin black border.

No interaction.

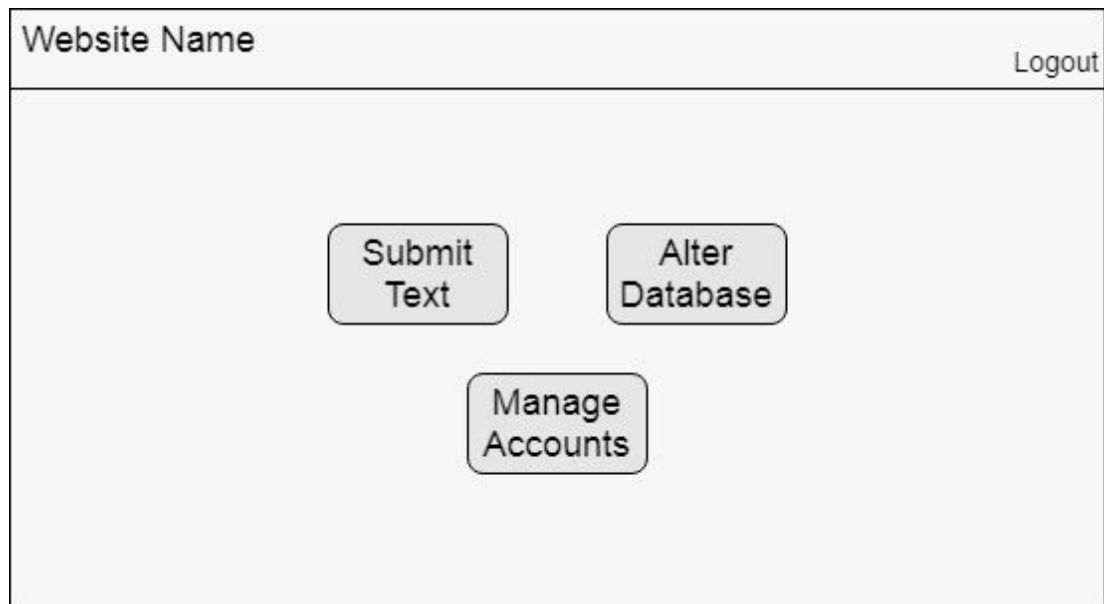

Login

A wireframe for a login page. It features a light gray rectangular area with a black border. In the center, the text "Website Name" is displayed in a large, black, sans-serif font. Below this text, there are two rectangular input fields. The top field is labeled "Username" and the bottom field is labeled "Password". Both fields have a white fill and a thin black border. Below the input fields, there is a rounded rectangular button labeled "Login" with a light gray fill and a thin black border.

Checks the database if the username exists, then if the password is correct.

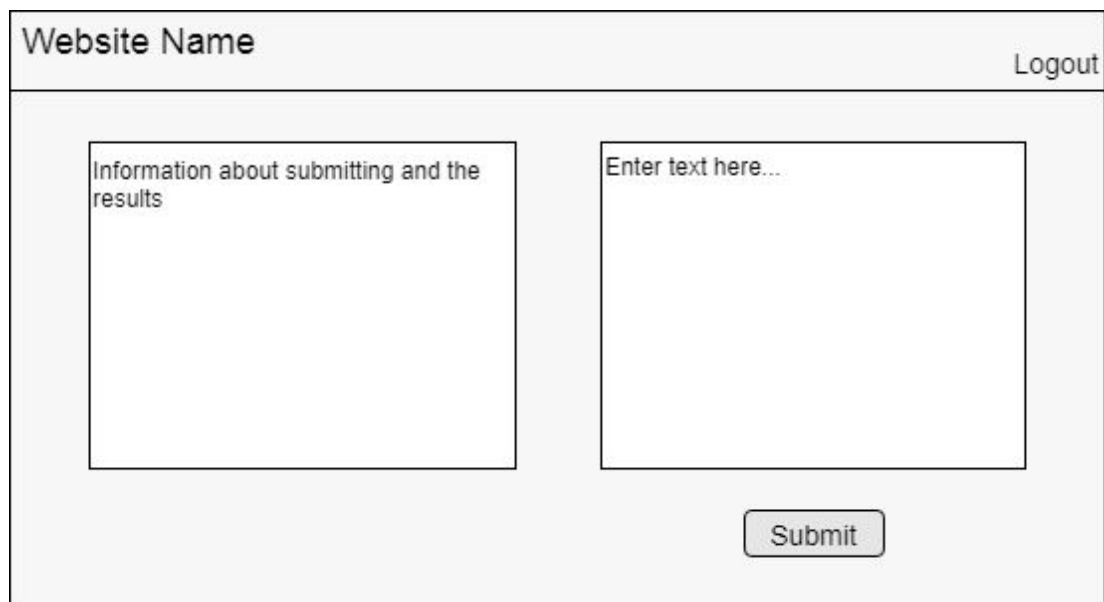

Login Home

The diagram shows a web interface for 'Login Home'. It features a header bar with 'Website Name' on the left and 'Logout' on the right. The main content area contains three buttons: 'Submit Text' and 'Alter Database' are positioned side-by-side at the top, and 'Manage Accounts' is centered below them.

The “Manage Accounts” button will only appear if the server confirmed the user is logged into an admin account.

Submit

The diagram shows a web interface for 'Submit'. It features a header bar with 'Website Name' on the left and 'Logout' on the right. The main content area is divided into two columns. The left column contains a box with the text 'Information about submitting and the results'. The right column contains a large text input field with the placeholder text 'Enter text here...'. A 'Submit' button is located at the bottom center of the main content area.

Sends the user’s block of text (right) to the server to be evaluated after clicking “Submit.”

Results

Website Name

Logout

Information about submitting and the results

Message describing rank
Suggestion of when the patient should be seen

Text with highlighting over words/sentences that contributed to the severity ranking

Rank: #

Submit Another

Outputs a rank, a rank description with an appointment suggestion, and the submitted text with appropriate highlighting (individual words or whole sentences).

Manage Accounts

Permissions ▼

Save

Acc.	Perm.	Status	Date Created

Interactions:

- Searching will query the database for an account, and will show a message if the account not found

- Permissions will be Regular or Admin
- Clicking “Delete” after searching for an account will revoke all database control for that user and start a 10 day countdown for actual deletion
- Adding a new account will add the date to the account’s “Date Created” field

Alter Database

Logout

Alter Database

▼

▼

Word	Rating	Status	Date Altered

Interactions:

- Add New Word (and ranking) to database if word does not exist
- Searching a word will show the pull up the details in the right window and allow the user to change the rating or delete it
- Searching any string will cause the main table to display all words with the same prefix
