Lexicon (and Accounts) Management Pages

- Entry box shouldn't say "New Word" since is edit or add
- Table of words/accounts should be on different page, etc. so the whole thing doesn't load every time
- New page or tab to view table of stored words/accounts
- Tab to view lexicon/accounts
  - Divide tab view
    - Multiple tabs for categorized data
    - Load X many at a time, load more as needed
  - Click on element to put the details on the left
  - Searching a word finds and highlights it on the right
